

SIMPLE STEPS TO ASSEMBLE SQUARE TABLE (#PA106)

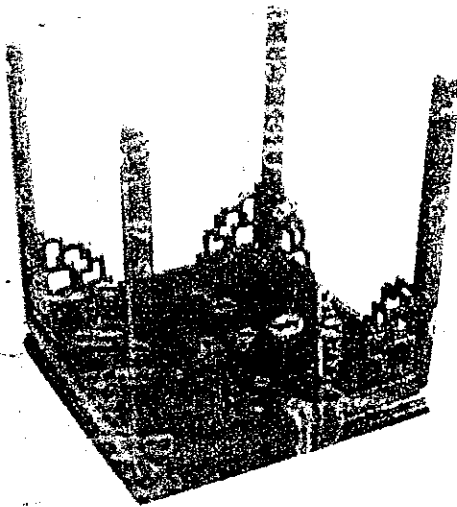

1. The product should contain the following parts:

2. Insert the dowel pins of the corner decoration into the pre-drilled holes of the wooden legs as the picture shown below. Each leg should have two corner decorations.

3. Turn the top panel up side down. Insert dowel pins of the corner decorations attached to the wooden leg into the pre-drilled holes of top panel. Install two Hex Screws into the screw holes at each corner of the top panel and tighten screws with the Wrench.

4. Turn over the table into normal position. Assembling completed.
